PLEASE BRING THIS CATALOGUE TO THE SALE

WELCOME TO WILLSBRO

Dear All,

It gives us great pleasure in inviting you to our 2020 sale of elite cattle from some of the world's best cow families. It is amazing to think that it is over 10 years since our record breaking sale held at the Royal Cornwall Showground. It has given us time to develop the cow families that we have found to exceed their peers both in production, type and genomics. All of these families that we rate so highly are represented in the sale and for certain will be a great investment for any breeder in the world.

It will be the largest consignment of in milk cows that we have sold at auction and we are very proud of the group we have selected. The 2yr old heifers consist of three 88, eight 87, fourteen 86 and six 85 point heifers, with the 2nd calvers scoring 89, 88 and three at 87. All are matched with great production and pedigrees with some safely pregnant to sexed semen confirmed as heifers. 3 of the highlights include Lambda Pammy 87 2yr and Bloomfield Missy 85 2yr who will be in the top 15 cows in the UK for GPLI and Governor Amber VG89 3yr from the tremendous Atlee line and many more.

There are also 80 maiden heifers and calves which we feel are a great opportunity for people to develop within their own herds. These females average over 2400GTPI and top at 2722GTPI and over 45 that are over 400GPLI. This is probably the highest genomic average of heifers ever to be sold.

It has been a pleasure to speak to breeders over the last few years who have purchased Willsbro cattle, embryos and bulls in past sales. Through their great care there are many highlights with 4 cows classifying 96 points and 10 receiving 94 points, some of which have been hugely successful in the show ring and have produced LP100 awards. We feel that this group is all as good as before and maybe even better!

Thanks must go to all the staff at home on the farm who have made the sale possible and helped to look after all the cattle to such a high standard.

We hope you will be able to make the sale or if not we have many contacts available for you to talk to that will be at the sale. Also there will be the Marteye app from which you will be able to view and bid on. Good luck and bid last!

Best Wishes
The Wills Family

Royal Welsh Show 2017

AUCTIONEERS FOREWORD

This hugely exciting sale is the third that we are privileged to conduct on behalf of Wills Bros Ltd and the animals sold in the first two are testament to the exceptional qualities of this fine herd, which must be among the very best, not only in the UK, but anywhere in the world.

Representatives of both firms of auctioneers have visited the farm and inspected the sale animals and can confirm what an outstanding group of cattle they are, while the pedigrees and production figures in the catalogue speak for themselves.

Virtually all the animals in the sale have rock solid unbroken pedigrees stretching back over many generations from some of the most popular cow families in the breed, and many of the merits of the cattle are detailed in the Wills Family's remarks above, particularly with regard to their classifications and genomics.

Not least of their attributes is the phenomenal production of both the milkers for sale and the dams of the heifers and calves. The Willsbro herd must be one of the most remarkable commercial units in the country as the following impressive current rolling herd average shows:

1,368 cows and heifers average 13,270kg @ 4.04% fst 3.21% protein with a calving index of 399 days

The milking herd is housed in sand bedded cubicles with a tidal wash down system and milked three times daily through a 60 point rotary parlour, Nutrition is carefully monitored to ensure maximum yields coupled with the excellent health of the cattle. Average SCC at the last recoding was 169, but the majority of milkers in the sale are under 100.

This has to be a major events in what has been one of the stellar sales seasons in recent years, and you are urged to either be at Exeter Livestock Centre on October 12th or to bid on the Marteye online link, accessed through nortonandbrooksbank.marteye.ie. We are certain you will not be disappointed.

NORTON & BROOKSBANK and KIVELLS

ALL FEMALES SELL WITHOUT RESERVE

BULLS SELL WITH EXTREMELY MODEST RESERVES
LOTS 7, 8, 9, 11, 14A, 20, 22, 23, 29, 31, 47, 88, 91, 115

To whom it may concern,

The Willsbro herd at Pawton dairy has impressive infrastructure, designed to maximise cow comfort and production and minimise disease risk. The herd is currently averaging 43 litres per cow. Establishing protocols for the maternity pen, calf health, vaccination schedules and the milking herd have ensured that consistency is maintained within the herd and that performance can be constantly monitored and improved upon.

The size of the herd allows for constant monitoring across all aspects of the herd, including the maternity pens, ensuring that calves are weighed, given colostrum and have their navels dipped immediately after calving to ensure every animal gets off to the best possible start in life. Excellent calf health is achieved through testing and recording colostrum quality and ensuring appropriate amounts are given to calves within 2 hours of birth. The calf hutches offer a stable environment for calves to thrive in and a robust vaccination schedule has been developed which consists of Bovigen Scour for dry cows to protect calves from *rotavirus*, *coronavirus* and *e. coli*. Calves then receive a comprehensive pneumonia vaccination programme along with Ringvac vaccine. Calves are also tag and tested for BVD virus.

Investing in disease prevention can be demonstrated using a comprehensive vaccination protocol in the herd. The vaccine Startvac is administered to minimise the risk of *Staph aureus* and *e. coli* mastitis. The current herd health programme states that BVD is vaccinated against with Bovela vaccine and IBR virus is covered with a twice-yearly booster of Hiprabovis IBR vaccine.

Biosecurity is taken seriously with all stock now being housed and all kept at Pawton, all feedstuffs are kept indoors and any visitors to the farm are required to clean and disinfect on arrival. The last TB test was in August 2020 and the whole herd was tested and was clear.

The Wills family are passionate about successful breeding of pedigree Holsteins and are driven by breeding for production persistency and performance. Genetic progress has been expedited by the routine use of embryo transfer to breed from the genetic elite of the herd.

I would like to take this opportunity to wish all potential purchasers the very best for their new stock.

This sale will be conducted under STRICT Covid-19 Regulations in accordance with government guidelines and social distancing recommendations at the time of sale.

COVID-19 PRECAUTIONS AND REGULATIONS

The safety of our customers and our staff is our highest priority and all visitors to Kivells Livestock market are expected to comply with any notices and follow any guidance issued by the government, the auctioneers and our staff. Failure to do so may result in a refusal to accept bids or result in being asked to leave.

THE SALE IS A BUSINESS EVENT AND NOT A SOCIAL GATHERING

To enable this sale to go ahead, several precautions and changes to our pre Covid procedures are in place. Some of these precautions and changes may result in small delays but are for your benefit and that of the wider community and include the following: All attendees are encouraged to register to bid prior to the sale day

" All attendees are required to complete the Covid-19 'important notice' form which can be downloaded from www.kivells.com and be handed to our steward on the gate upon arrival. Failure to do so will result in a delay on the morning whilst you are asked to complete the form prior to entry

" Parking - there will be ample room for space between cars.

" Ample hand hygiene and washing facilities are available.

" Our registration and accounts office is screened.

" Inspection of lots will be strictly controlled as will clearance.

Please note the following:

" ONLINE BIDDING is available through Marteye and anyone interested must register their full details with Mark Lee 07980 924179 or the download the MartEye App from your phone App store where you can register. You then need to press the JOIN button on the Norton & Brooksbank Page.

" We encourage the use of our Bidding Form which can be downloaded from www.kivells.com and Phone bids are possible - please contact the Auctioneers prior to the sale day.

" Live bidding will be by Bid Cards ONLY. No shouting will be necessary.

" All attendees to Kivells Livestock Market must register for a Bid Card and have proof of identification.

" Two people per household are allowed to attend the sale and therefore there must be no more than two people per vehicle

" All attendees must wear face coverings and we encourage the use of gloves. Please bring your own.

" Face coverings and gloves must be taken home.

" You will be required to adhere to Government Social Distancing measures and hygiene procedures.

Due to the fluctuating situation we strongly recommend that all prospective attendees regularly visit Kivells.com or nortonandbrooksbank.com for any updates on this sale.

Thank you for your Co-Operation and Take Care.

Kivells and Norton & Brooksbank

NOTICE TO PURCHASERS - LIVESTOCK MARKETS

Health & Safety - Kivells accept no liability for any damage or injury to persons, livestock, vehicles or plant not arising out of their negligence. Any person entering the livestock market premises does so at their own risk and must comply with the requirements of any Health and Safety notices. All persons entering the livestock markets premises are hereby given notice that there are potential hazards due to the type, penning, herding, loading and unloading of livestock and vehicle movement. Caution should be exercised and children must be fully supervised at all times. Kivells reserve the right to refuse admission to any person or vehicle into the livestock market premises without giving reason. Kivells strongly advise that no persons access the sale ring, penning or livestock passageways during the sale or whilst animals are being moved through passageways. Should any person decide to enter these aforementioned areas they do so entirely at their own risk. Any incidents or accidents in the livestock market premises should be reported to Kivells market office immediately.

Biosecurity and Livestock Welfare - All persons entering Kivells livestock market premises must comply with all current Biosecurity legislation, rules and conditions. All persons should be in clean clothing and disinfect footwear upon entry and exit from the livestock market premises. Hand wash facilities, disinfectant boot dips and brushes are available and should be used. Vehicles used to transport animals to or from the livestock market premises must comply with current cleaning and disinfection legislation. All vendors, purchasers, agents and hauliers must comply with all current legislation governing the welfare of livestock whilst at Kivells livestock market premises or in transport to or from the livestock market premises. Any concerns over Biosecurity and Animal Welfare should be reported to Kivells Biosecurity and Animal Welfare officers, whose details are located in the Kivells market office.

Registration - In order to bid, all Buyers are required to register before the auction, at the Kivells market office or as otherwise advised by the Auctioneers. All new Buyers will be asked for two forms of identification and a credit reference will be required. Acceptable identification includes Driving Licence/Passport together with a Utility Bill/Proof of Address/Business Letter Heading/Business Card. The Auctioneers reserve the right to request a deposit ahead of any purchase or during sale proceedings and to refuse registration or any bid or bidder without giving reason. New Buyers are strongly advised to contact the Auctioneers well in advance of the sale.

Payment - All Lots must be paid for on the day of the Sale by the Buyer prior to any removal or consolidation, unless alternative arrangements have been agreed with the Auctioneers. At the fall of the hammer the highest bidder will be deemed to be the Buyer and transfers of purchases will only be permitted with prior approval from the Auctioneers. Any payment is to be by a means approved by the Auctioneers. Our preferred payment terms are debit card or cash and Kivells reserve the right to stipulate payment by these methods. Kivells may also accept bank transfers and cheques with prior approval. Our Bank Account details are: Sort Code 56-00-49 Account Number 32376359. Payment in Cash - In order to comply with money laundering regulations we cannot accept Cash payments above the maximum permitted at the time of sale. The maximum varies according to exchange rates and currently it is circa £9,000. Buyers are advised to check with the Auctioneers ahead of the sale.

Conditions of Sale - It is strongly recommended that Bidders and Buyers visit Kivells.com and read the full Conditions of Sale produced by the Livestock Auctioneers Association (LAA) ahead of the sale. Unless advised otherwise you will be bidding and buying under these Conditions and you will be obligated to abide by these Conditions and these Notice to Purchasers. The LAA Conditions of Sale are also displayed in Kivells market office. Clauses 12 to 19 inclusive relate mainly to the Purchaser. This catalogue may also contain reference to Warranties as defined by the LAA Conditions of Sale. Warranty issues will not be considered if payment in full has not been received.

Risk - All livestock are at the risk of the Vendor before they are sold and at the risk of the Buyer when they are sold (fall of the hammer). It is strongly advised that Vendors and Buyers ensure that their insurance policies cover livestock at market premises and that Buyers have immediate cover for animals purchased.

Removal of Lots - Lots can only be removed once payment has been made in full and/or a pass issued by the Auctioneers. All Lots need to be cleared from the sale premises by 5pm on the day of sale unless otherwise agreed with the Auctioneers.

Descriptions of Lots - Buyers should satisfy themselves prior to making bids as to the condition of any Lot and should rely on their own judgement as to whether the Lot accords with its description. All Lots are sold under the Livestock Auctioneers Association Conditions of Sale as referred to above to include the following two clauses:

Statements of Fact - Unless otherwise announced all statements of fact made in any sale catalogue or at the time of sale regarding the breeding of any animal, its health status or other tests carried out on any animal are statements of fact made by the Vendor and not the Auctioneer and the Auctioneer accepts no responsibility for any misstatement nor does he nor the Vendor accept any responsibility for any subsequent reaction by an animal sold to any relevant test administered after the sale.

Liability of The Auctioneers - The Auctioneers acts in all respects only as agent for the Vendor and no warranty is given by the Auctioneers or their employees or contractors, and none shall be implied, as to title, description or the quality of any Lot. Neither the Auctioneers nor their employees or contractors shall be liable to the Purchaser in any respect for any defect of title, error of description or imperfection or for any announcement or statement concerning any Lot offered for sale whether made orally or in writing (whether in a sale catalogue, order of sale, advertisement for the sale or otherwise) and whether given before, during or after the sale, nor shall he incur any liability in relation to any dispute between a Vendor and Purchaser.

Bidding Form - The Auctioneers will bid on your behalf if written instructions are received on the form supplied, or an email or text has been received confirming instructions and acceptance of the terms set out in the form, and adequate time is available to enter such bids. The Auctioneers reserve the right to request a deposit as part of the instruction process. It is entirely at the discretion of the Auctioneers whether other forms of bids are acceptable however in every case there is no liability on the auctioneers.

Refreshments and Facilities - Canteen and toilets are on site.

DATA PROTECTION

Introduction

The EU General Data Protection Regulation ("GDPR") came into force across the European Union on 25th May 2018 and brings with it significant changes to data protection.

Our Commitment

Norton & Brooksbank Ltd are committed to ensuring the security and protection of the personal information that we process, and to provide a compliant and consistent approach to data protection. We have always had a robust and effective data protection program in place which complies with existing law and abides by the data protection principles. However, we recognise our obligations in updating and expanding this program to meet the demands of the GDPR and the UK's Data Protection Bill.

Norton & Brooksbank Ltd are dedicated to safeguarding the personal information under our remit and in developing a data protection regime that is effective, fit for purpose and demonstrates an understanding of, and appreciation for the new Regulation. Our preparation and objectives for GDPR compliance have been summarised in this statement and include the development and implementation of new data protection roles, policies, procedures, controls and measures to ensure maximum and ongoing compliance.

BREEDING GUARANTEE

All cows and heifers that are stated in the catalogue of sale to have been served not less than ten weeks before the date of sale, or to have been running with a bull between dates (the later of which is not less than ten weeks before the sale) will be guaranteed by the vendor to be in calf either to the date or one of the dates of service if more than one is stated, or to a service between stated running dates and to the bull stated in the catalogue of sale unless any alteration is announced by the Auctioneers at the time of the sale. Should any animal prove not to be in calf, any claim under this guarantee must be made to the auctioneer in writing within 7 weeks of the date of sale. Should any animal which is declared to be in calf prove not to be in calf to the date or one of the dates of service or to some date within the running period or periods or to the bull stated as above any claim must similarly be made immediately any evidence in support of such a claim is available and in any case not later than 28 days after the date on which the animal was due to calve according to the date or dates in the catalogue of sale.

UDDER WARRANTY

Unless otherwise stated or announced, any cow in calf or in milk or any heifer in milk at the time of the sale shall carry a guarantee that she is sound in udder and teats at the time of sale, but no claim under such guarantee can be entertained unless made to the Auctioneers within an hour of the close of the last lot except in the case of Herd Dispersal Sakes or Breeders' Home Sales when the guarantee period is extended to two hours after the close of the sale of the last lot. If the Auctioneers are satisfied that the udder is not sound, then the sale, at the discretion of the vendor, may either be cancelled or an adjustment in the price paid agreed between vendor and purchaser.

NOTE - At Herd Dispersal or Home Breeders' Sales the Vendor must provide adequate facilities for udders to be inspected and for adequate milking facilities to be available for the Purchaser in accordance with the warranty.

NOTICES

Date of last milk recording (CIS): 16.9.20

Herd No: 10698

Additional information will be posted at the sale, and announced from the rostrum

HOLDING NO: 07/139/0043

GENOMICS

The Willsbro herd was one of the first herds in the UK to espouse genomic testing on a major scale and all heifers are now sampled shortly after birth.

The figures are exceptionally impressive and it is doubtful if a group of such highly ranked animals has been offered for sale anywhere in the country before.

Come to Pawton Manor to enjoy a truly memorable day's partridge shooting with the Wills family. Situated close to the north Cornish coast on the Camel Estuary which runs to the rugged Atlantic, between the famous destinations of Padstow and Rock. The beautiful estate of Pawton Manor is naturally laid out to show stunning coveys of fast, challenging birds off rolling hills and over deep wooded valleys. Bags of between 125 and 300 brace can be provided.

Wonderful Cornish hospitality is our trademark, serving superb lunches and afternoon cream teas. We can also serve mouth watering fresh lobster from Padstow if requested, served on the lawn on idyllic autumn days.

We also have accommodation available at local hotels, with fantastic situations, ambiance, and Cornish fare to make your stay even more complete.

PRICES ARE VERY COMPETITIVE AND DISCOUNTS FOR EARLY BOOKINGS ARE AVAILABLE.

Tel: 01208 816982 or 07980 011853

IMPROVES RUMEN FUNCTION AND INCREASES BY-PASS PROTEIN

NOVATAN® is a blend of Essential Oils – with a targeted action that reduces proteolytic bacteria in the rumen

NOVATAN® improves protein digestibility and utilisation within ruminants by targeting specific bacteria in the rumen, improving protein efficiency.

RUMISAFE

RUMEN SECURITY

RUMISAFE®, a blend of essential oils and inactivated yeast.

The unique action of the natural ingredients leads to increased rumen buffering and improved rumen stability - reduces **LACTATE**.

Feeding RUMISAFE® in acidotic diets could help increase milk yield while maintaining milk components.

 pH  LACTATE  VFAs

RICHARD WESTERN

EST 1968

Heavy duty monocoque tipping trailers with a world-wide reputation for strength and durability, the Suffolk Trailer is designed and engineered to maximise efficiency optimising the strength to weight ratio and enabling you to deliver full payloads with a low unladen weight. Available in 11 to 24 tonne models with an impressive array of standard features and a wide choice of options, you can build the Suffolk trailer to your exact requirements. Suitable for grain, silage and general purpose haulage.

LARGE CAPACITY, ROBUST AND DURABLE

Large volume for efficient transport and less downtime, increase the efficiency to your forage harvester. Unrivalled construction provides tremendous strength, minimal maintenance costs and long life. The combination of intelligent design and robust build gives you a machine that operates effortlessly. Richard Western trailers are easy to pull and can be relied on to tow smoothly, making your job efficient and enjoyable.
